RISK MANAGEMENT & INSURANCE SOLUTIONS THAT WORK FOR YOUR BUSINESS.

For 40 years, The McCart Group has been addressing the complex risk management issues and property & casualty insurance needs of public and private companies across the southeast in many different industries.

The McCart Group is ranked as one of the region's leading professional services firms in designing and implementing corporate and individual risk management and asset protection programs.

We recognize that our customers demand quality, service, and expertise as well as innovative approaches to managing risk.

We differentiate ourselves by meeting our customers' expectations and providing more than an insurance policy; we provide total risk solutions.

McCart's Risk Management Services Division delivers world class safety, risk control, claims management, and property & casualty insurance solutions across industries such as Manufacturing, Distribution, Transportation, Technology, Life Sciences, Financial, and Professional Services.

Our team works closely with our corporate partners in the development and design of comprehensive commercial insurance and executive risk solutions. During our audit and assessment phase, we work closely with your management team, addressing key risk exposures that impact daily operations of your organization.

Our clients understand the necessity of having adequate insurance coverage and asset protection. We work diligently to carefully review all options and find the very best solution for each individual client.

The McCart Group is one of Atlanta's leading independent insurance brokers and a Partner of Assurex Global, the world's largest privately held risk management & commercial insurance brokerage group.
